What is FSC®?

The Forest Stewardship Council® (FSC®) is an international, non-governmental organisation dedicated to promoting responsible management of the world's forests. Since its foundation in 1994, FSC has grown to become the world's most respected and widespread forest certification system.

Visit www.anz.fsc.org/what-is-fsc to learn more.

What is FSC 100%?

All the materials used in products bearing this label are sourced from forests that have been audited by an independent third party to confirm they are managed according to FSC's rigorous social and environmental standards. Of all the FSC labels, FSC 100% contributes most directly to FSC's objective—forests for all, forever—and is therefore the highest mark of distinction for certified products.
